

FRONT LOAD WASHERS

WM2075CW

Performance

- XL Load Capacity with NeveRust Stainless Steel Drum (3.72 cu.ft. IEC)
- Direct Drive Motor for the ultimate in durability and reliability
- TilTub is designed with a 10° tilt for easy reach of clothing in the rear of the drum
- 1050 RPM powerful spin for efficient water extraction

Intelligent Fabric Care

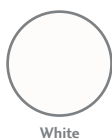

- SenseClean System for intelligent fabric care, water and energy efficiency
- 7 Washing Programs
- 5 Temperature Levels
- 4 Tray Detergent Dispenser can accept liquid in the pre-wash
- Stain Cycle
- Delay Wash by 8 hours for washing convenience
- Custom Program

Style and Design

- Upfront Electronic Control Panel with Dial-A-Cycle
- Large White Rimmed Door with Clear Glass
- Stackable with Matching Dryer
- Optional Drawer Pedestal

Environmentally Friendly

- LoDecibel Quiet Operation
- Highly Energy and Water Efficient

LG front load washers exceed Energy Star® classifications by a minimum of 39%.

FRONT LOAD WASHERS

Stackable or Side by Side?

Your Choice. Less space? Try stacking the washer and dryer. More space? Place them side by side or under a counter. Don't want to bend down so far to load or unload clothing? Add our drawer pedestals. It also doubles as a great place to store laundry products.

Electronic Control Panel with Dial-A-Cycle

Intuitive controls allow you to "set it and go". You can also save your favorite wash cycle by pressing Custom Program. One touch to see the wash go.

XL Load Capacity with NeveRust Stainless Steel Drum

One of the largest capacity front-load washers for the consumer market which means fewer loads, easy handling of large comforters and better water and energy efficiency.

Direct Drive Motor

Power is delivered right to the drum from the motor without belts, resulting in a highly durable, powerful and quiet washing machine.

SenseClean System

The water level and wash time are set automatically based on the weight and size of each load for optimal washing care.
